

Department of Mathematics – King's College London

Student Evaluation of Teaching: *Tutorials*

Course Number: _____ Course Name: Geometry of Surfaces

Course Tutor: Tommy Murphy Group Number: T2 Date: 2/3/11

Please consider the following questions and tick the appropriate box for each one.

The scale is:

+2 = agree strongly	+1 = agree	0 = neither agree nor disagree	-1 = disagree	-2 = disagree strongly
---------------------	------------	--------------------------------	---------------	------------------------

(If the question is not applicable to the course in question, please tick the N/A column)

The tutor:

		+2	+1	0	-1	-2	N/A
a)	Is audible	✓					
b)	Explains the material clearly	✓					
c)	Makes effective use of blackboards and/or other visual aids	✓					
d)	Gives helpful comments and criticisms on my assignments	✓					
e)	Helps me master the material of the course	✓					
f)	Responds well to individual questions in tutorials	✓					
g)	Encourages class participation	✓					

I personally:

h)	Participate actively in tutorials	✓					
----	-----------------------------------	---	--	--	--	--	--

You are strongly encouraged to use the space below (continuing overleaf if necessary):

- To make useful comments which may help the tutor present the material

My only criticism would be that occasionally he speaks a little too fast, but other than that I think he is right up there ~~ff~~ with the best tutors I've had here. He's very friendly and therefore people are always comfortable asking questions. A great tutor.

Everything's great!

↳ It'd be nice to have more comments on the assignments.
