Course Home Page

- The course home page is NOT on Avenue to Learn. It is accessible from the link at the following web site:
<http://ms.mcmaster.ca/childs/chlds.html>

Course Description

- **Course Title:** Math 1AA3/1ZB3 - Calculus II
- **Class Times and Locations:** See the [registrar's](#) web site (Select MATH-MATHEMATICS as the subject, and then press "Find". Then press "Search Results Timetable")

Math 1AA3 Section 1 (C01) Instructor Information

- **Name:** [Petar Jevtic](#)
- **email:** pjevtic@math.mcmaster.ca
- **Office Location:** HH/204
- **Office Hours:** Wednesday 9:00am-10:00am and Thursday 11:30am-12:30pm

Math 1AA3 Section 2 (C02) Instructor Information

- **Name:** [Aaron Childs](#)
- **email:** childs@mcmaster.ca
- **Office Location:** HH/213
- **Office Hours:** Click [here](#)

Math 1ZB3 Section 1 (C01) Instructor Information

- **Name:** [Chris McLean](#)
- **email:** mcleac3@math.mcmaster.ca
- **Office Location:** BSB/B124
- **Office Hours:** Monday-Thursday 1:00pm-2:00pm, Friday. 2:30pm-3:30pm

Math 1ZB3 Section 2 (C02) Instructor Information

- **Name:** [Johannes Buchner](#)
- **email:** jbuchner@math.mcmaster.ca
- **Office Location:** HH/409
- **Office Hours:** Friday 9:00am-10:30am

Math 1ZB3 Section 3 (C03) Instructor Information

- **Name:** [Chun-Kit Lai](#)
- **email:** cklai@math.mcmaster.ca
- **Office Location:** HH/407
- **Office Hours:** Tuesday and Friday 1:00pm-2:30pm

Math 1ZB3 Section 4 (C04) Instructor Information

- **Name:** [Johannes Buchner](#)
- **email:** jbuchner@math.mcmaster.ca
- **Office Location:** HH/409
- **Office Hours:** Friday 9:00am-10:30am

Textbook

- **Required:**
 - *Calculus, Early Transcendentals, 7th Edition*, James Stewart, Brooks/Cole.
(**Note:** Older editions can be used, as long as you have access to the exercises in the 7th Edition.)
 - Calclabs with Maple for Single Variable Calculus
 - Calclabs with Maple for Multivariable Calculus
(or Calclabs with Maple Custom Edition, which includes the sections that you will need from both of the above Calclabs manuals)
- **Optional:**
 - Student Solutions Manual for Single Variable Calculus, Early Transcendentals
 - Student Solutions Manual for Multivariable Calculus
 - Maple 11 (or later) Software (earlier versions of Maple cannot be used)
- A copy of the textbook and solutions manual are available on reserve in Thode Library.

Material Covered

- All Sections covered in the [Suggested Problems](#)
- **Major Topics:** review of integration, improper integrals, infinite sequences and series, differential equations, parametric curves, polar coordinates, partial derivative, double integrals, applications

Assignment Information

- There will be 5 online assignments. See the [calendar](#) for due dates.

Lab Information

- There will be 4 labs which will require the use of Maple (Version 11 or later) and will be completed electronically using our online system. See the [calendar](#) for due dates.
- You do not have to attend any scheduled lab times. But TAs will be available if you need help at the times given on the [Lab information page](#).
- All information about labs is available on the [Lab information page](#).

Test Information

- Only the McMaster standard calculator Casio fx-991 is allowed on the tests and exam
- Some sample tests are available on the [Suggested Problems](#) pages
- **Tentative Dates** (subject to change):

Test #1: Evening of Monday February 10th (75 minutes)

Test #2: Evening of Monday March 17th (75 minutes)

- Check the [Announcements](#) part of the course web site for room and time information, and for instructions on what to do if you have a conflict with the test time

Course Evaluation

5 Assignments - 2% each

4 Labs - 2% each

2 Tests - 21% each

Final Exam - 40%

Notes:

- At the end of the course the grades may be adjusted, but this can only increase your grade and will be done uniformly. We will use the grade equivalence chart published in the Undergraduate Calendar to convert between percentages and letter grades.
- The instructor and university reserve the right to modify elements of the course during the term. The university may change the dates and deadlines for any or all courses in extreme circumstances. If either type of modification becomes necessary, reasonable notice and communication with the students will be given with explanation and the opportunity to comment on changes. It is the responsibility of the student to check their McMaster email and course websites weekly during the term and to note any changes.

Missed Work Policy

- If you are absent from the university for a minor medical reason, lasting fewer than 5 days, you may report your absence, once per term, without documentation, using the [McMaster Student Absence Form](#). Absences for a longer duration or for other reasons must be reported to your Faculty/Program office, with documentation, and relief from term work may not necessarily be granted. When using the MSAF, report your absence to childs@mcmaster.ca. Please note that the MSAF may not be used for term work worth 30% or more, nor can it be used for the final examination.
- If your MSAF form was received then the word "note" will appear in place of your mark on the online system. This will show up within one week after you filled out the MSAF form. If you don't see the word "note" in place of your mark for the missed work one week after filling out the MSAF form, then send an email to [Dr. Childs](#) telling him the date that you filled out the MSAF form. If you do see the word "note" in place of your mark, then no follow-up is required.
- The percentage for a missed test will be added to your final exam.
- The percentage for a missed assignment or lab will be distributed among your remaining assignments or labs.

Academic Dishonesty Academic dishonesty consists of misrepresentation by deception or by other fraudulent means and can result in serious consequences, e.g. the grade of zero on an assignment, loss of credit with a notation on the transcript (notation reads: "Grade of F assigned for academic dishonesty"), and/or suspension or expulsion from the university. It is your responsibility to understand what constitutes academic dishonesty. For information on the various kinds of academic dishonesty please refer to the Academic Integrity Policy, specifically Appendix 3, located at <http://www.mcmaster.ca/policy/Students-AcademicStudies/AcademicIntegrity.pdf> The following illustrates only three forms of academic dishonesty:

1. Plagiarism, e.g. the submission of work that is not one's own or for which other credit has been obtained.
2. Improper collaboration in group work.
3. Copying or using unauthorized aids in tests and examinations.
