

Combinatorial Algebra

— *meets* —

Algebraic Combinatorics

January 21–23, 2011

Lakehead University

ORGANIZERS Sara Faridi (Dalhousie), Anthony V. Geramita (Queen's and Genoa), Adam Van Tuyl (Lakehead)

This meeting is a continuation of previous annual workshops focusing on the interplay between commutative algebra (particularly, resolutions and inverse systems) and algebraic combinatorics (representation theory of symmetric groups).

INVITED SPEAKERS

François Bergeron (UQAM)
 Nantel Bergeron (York)
 Anthony V. Geramita (Queen's and Genoa)
 Victor Reiner (Minnesota)
 Jessica Sidman (Mt. Holyoke)
 Jerzy Weyman (Northeastern)

If you would like to give a contributed talk, please contact Sara Faridi (faridi@mathstat.dal.ca) with a title and abstract.

SCHEDULE

Friday, January 21
 1:00 p.m.–5:30 p.m.
 Colloquium (Anthony V. Geramita)
 Invited and Contributed Talks I

Saturday, January 22
 9:00 a.m.–6:00 p.m.
 Invited and Contributed Talks II

Sunday, January 23
 9:00 a.m.–12:00 p.m.
 Invited and Contributed Talks III

For questions about the conference and funding, please contact Sara Faridi at faridi@mathstat.dal.ca

For questions about local arrangements, please contact Adam Van Tuyl at avantuyl@lakeheadu.ca
